Training for Local Pension Board

Report of the Head of Pensions

Purpose of Report

1. This report addresses the training requirements of the Local Pension Board.
2. The Local Pension Board is asked to
 - review and approve a Joint Training Policy for the Pensions Committee and the Local Pension Board
 - agree to the CIPFA knowledge and skills framework being circulated to all Local Pension Board members to assess their own knowledge and skills
 - note the proposed topics for consideration at the training in September
 - consider further topics for consideration in September or future training events
 - note the report.

Background

3. The Local Pension Board has used the Chartered Institute of Public Finance and Accountancy (CIPFA) Technical Knowledge and Skills Framework for Local Pension Boards to benchmark their training requirements.
4. The Committee has also adopted the CIPFA Code of Practice on Public Sector Pensions Finance Knowledge and Skills and the CIPFA Knowledge and Skills Framework for Elected Representatives and Non Executives in the Public Sector as the basis of its Training Policy and Programme.
5. It is understood that CIPFA is working on an update to the existing Frameworks.
6. The Training Policy and Programme must also take account of:
 - the training requirements set out by the Pensions Regulator's Code of Practice Number 14 on the Governance and Administration of Public Sector Pension Schemes
 - the requirements of the Investment Principles
 - the Local Pension Board's specific requirements.

Training Policy

7. The Committee and the Local Pension Board have adopted a joint Training Policy and operate a joint approach to the delivery of training.
8. The joint Training Policy was last approved by Committee in June 2017 and by the Local Pension Board in July 2017. A copy of the training policy is attached as an Appendix.
9. Whilst there are no significant changes to this joint Training Policy, the Committee is asked to review it and approve it, once again as a matter of good governance.

Code of Practice 14

10. Paragraph 6 above notes that the Training Policy and Programme must take account of the training requirements set out by the Pensions Regulator's Code of Practice Number 14 (COP 14) on the Governance and Administration of Public Sector Pension Schemes.
11. Whilst COP 14 is aimed primarily at members of the Local Pension Board, best practice dictates that the standards should also be applied to Pensions Committee members.

12. In relation to training, COP 14 states:

“Pension Board members should undertake a personal training needs analysis and regularly review their skills, competencies and knowledge to identify gaps or weaknesses. They should use a personalised training plan to document and address these promptly”.

13. This therefore places a requirement on the individual Board members, and the Committee members, if we apply consistent standards, to undertake their own training needs analysis and develop a personalised training plan.

14. The Fund’s Policy and Training Programme as summarised in this report is considered to provide all of the information and detail that individual members need to undertake this analysis and plan for training. It is one of the reasons why a significant level of detail is included in this report about sources of information, training frameworks and training programmes.

15. This allows each individual member to review their own position and then have input into the future development of the training programme, based on their own understanding, which is then largely delivered as a collective.

16. The Fund’s Officers believe that this provides sufficient information to allow members to meet their requirements. In order to more closely align the Fund’s approach to training to the suggested approach contained in COP 14, and to allow Local Board members meet their own requirements, it is suggested that the CIPFA framework on knowledge and skills (as discussed below) is circulated to members asking you to score yourselves against the framework.

17. The output from this exercise will then be used to assist in further developing the training programme delivered to the Local Pension Board and individuals.

CIPFA Framework

18. The Framework is intended to have two primary uses:

- As a tool for organisations to determine whether they have the right skills mix to meet their fund’s financial management needs
- As an assessment tool for individuals to measure their progress and plan their development.

19. Towards the end of 2015, Local Pension Board members benchmarked their training requirements against the CIPFA Framework.

20. Attached as an Appendix is a copy of the CIPFA Framework. The column headed “Current Position” shows details of the training that has been delivered or information provided by the Fund. The column headed “Action Required” is intended to highlight future training needs on those areas of knowledge where information or training has not yet been provided.
21. If any member of the Local Pension Board identifies any additional training needs this should be brought to the attention of the Head of Legal Services or the Head of Pensions.

Fund Documents and Training Material

22. The Fund’s website at www.twpf.info holds documents that set out the Fund’s policies and working practices in its publicly accessible area.
23. There is also a password protected area that has been set up to hold training material and exempt and commercially sensitive documents.

Pensions Regulator Training Toolkit

24. The Pensions Regulator has provided an on-line training resource to assist those involved with public sector pension schemes.
25. This is accessed via a “Trustee Toolkit” link on its website.
26. It provides a set of seven modules covering the key themes in the Code of Practice on governance and administration of public service schemes. Each module provides an option to complete an interactive tutorial online and an assessment to test knowledge.
27. The modules are:
 - Conflicts of interest
 - Managing risk and internal controls
 - Maintaining accurate member data
 - Maintaining member contributions
 - Providing information to members and others
 - Resolving internal disputes
 - Reporting breaches of the law.
28. The Regulator suggests that each module’s tutorial should take no more than 30 minutes to complete.

29. The modules will assist with meeting the minimum knowledge and understanding requirements in relation to the contents of the Code of Practice, but would not meet the knowledge and skills requirements in other areas such as Scheme regulations, the Fund's specific policies and the more general pensions legislation.
30. Therefore, this toolkit should be used to supplement the existing training plans.

Training Programme

31. The annual diary for meetings and training includes provision for two offsite training events which are to be delivered to the Committee and the Local Pension Board.
32. Short training sessions may be included in the quarterly meetings.
33. Induction and refresher sessions can be arranged, as required.
34. Local Pension Board members may arrange a meeting with the Fund's Officers to discuss their individual training requirements, which may then be incorporated into Personal Development Plans.

September 2018 Training

35. Whilst the initial intention was to hold the training in York on Wednesday 19th September to Friday 21st September, due to an administrative error at the hotel in York the room is not available for three days. Consequently, it is proposed that the training will take place in Leeds and will include a visit to the new Borders to Coast offices. At the time of writing a suitable venue for this has not yet been sourced.
36. Whilst the training for September is still some time away the following have already been proposed for training
 - The Governance Structure of the Scheme and the Fund and the role of South Tyneside Council
 - The Nolan Principles
 - Unitisation and individual employer investment strategies
 - Potential changes to the Funding strategy for the 2019 valuation
 - An update on pooling
 - Investment and Administration Costs, including benchmarking

- Service Planning for 2019/20
 - Risk Management
37. Other issues that could be considered at the September training or future training events include
- Global economic outlook
 - Asset classes in which the Fund invests, with these sessions to be presented by the investment managers
 - Benefits of diversification
 - Direct v. indirect property
38. The Committee is asked for its views on the format and content of the September training and to suggest any other topics for future training.

Presentation on AVC's

39. A request has been made by the Board for a presentation on AVC's. This will be arranged for a future meeting. This is included on the forward plan.

Recommendations

40. The Local Pension Board is asked to
- review and approve a Joint Training Policy for the Pensions Committee and the Local Pension Board
 - agree to the CIPFA knowledge and skills framework being circulated to all Local Pension Board members to assess the own knowledge and skills
 - note the proposed topics for consideration at the training in September
 - consider further topics for consideration in September or future training events
 - to note the report.

Reason for Recommendations

41. To ensure that an appropriate approach to training is in place.

TYNE AND WEAR PENSION FUND

TRAINING POLICY FOR THE PENSIONS COMMITTEE AND THE LOCAL PENSION BOARD

APPROVED BY PENSIONS COMMITTEE IN JUNE 2017 AND BY THE LOCAL PENSION BOARD IN JULY 2017

Introduction

1. South Tyneside Council, as the administering authority for the Tyne and Wear Pension Fund, has adopted a recommendation from CIPFA on knowledge and skills. This states:
 - The Council has adopted the key recommendations of the CIPFA Code of Practice on Public Sector Pensions Finance Knowledge and Skills.
 - The Council recognises that effective financial administration and decision-making can only be achieved where those involved have the requisite knowledge and skills.
 - Accordingly, the Council requires the Pensions Committee and the Local Pension Board to ensure that they have formal and comprehensive objectives, policies and practices, strategies and reporting arrangements for the effective acquisition and retention of the Local Government Pension Scheme finance knowledge and skills for those responsible for financial administration and decision-making.
 - These policies and practices will be guided by reference to a comprehensive framework of knowledge and skills requirements such as that set down in the CIPFA Pensions Finance Knowledge and Skills Frameworks.
 - The Pensions Committee and the Local Pension Board will report on an annual basis how these policies have been put into practice throughout the financial year.
 - The Council has delegated the responsibility for the implementation of the requirements of the CIPFA Code of Practice to the Corporate Director Business and Resources, who will act in accordance with the Council's practices and, where he/she is a CIPFA member, with CIPFA Standards of Professional Practice.
2. The Pensions Committee has adopted the CIPFA Knowledge and Skills Framework for Elected Representatives and Non Executives in the Public Sector as the basis of its approach to training.

3. The Local Pension Board has adopted the CIPFA Pensions Panel Technical Knowledge and Skills Framework for Local Pension Boards as the basis of its approach to training.
4. The Myners Review recommended that there should be a legal requirement that where trustees are taking a decision, they should be able to take it with the skill and care of someone familiar with the issues concerned.
5. Investment Principle 1 concerns “Effective Decision Making”. As adapted for the Local Government Pension Scheme, it states:
 - “Administering authorities should ensure that decisions are taken by persons or organisations with the skills, knowledge, advice and resources necessary to make them effectively and monitor their implementation; and
 - Those persons or organisations have sufficient expertise to be able to evaluate and challenge the advice they receive, and manage conflicts of interest.”
6. The recommendations from the Myners Review were taken forward by the Pensions Act 2004, which the Fund has followed as best practice.
7. The Training Policy and Programme takes account of the training requirements set out in the Pensions Regulator’s Code of Practice Number 14 on the Governance and Administration of Public Sector Pension Schemes that took effect from April 2015.
8. The Training Policy and Programme takes account of the ongoing specific requirements of the Pension Committee and the Local Pensions Board.

Delivery of Training

9. The training programme is based around two residential training seminars, each lasting up to three days, which are held every year.
10. In addition to the seminars, extra half or one day sessions are arranged, as required.
11. The investment managers, the Investment Advisor and the Actuary assist with training. They offer their own training seminars and provide speakers for the training programme.
12. Training seminars and conferences that are offered by industry wide bodies are attended.
13. The Fund’s website includes training information.

14. Committee and Board Members are encouraged to use the Pensions Regulator's on-line training resource that assists those involved with the public sector pension schemes.
15. Members receive mailings of relevant publications.
16. The Fund's Officers are available to assist with each Member's individual training requirements.

Training for New Members

17. A new Member is invited to attend a briefing session with the Head of Pensions. This session can include an assessment of the individual training needs.
18. In house induction sessions are available as required.
19. A new Member may also attend induction courses that are offered by the Fund's investment managers.

Additional Training for the Investment Panel

20. Three Committee Members, including the Chair and Vice Chair of the Committee, sit on the Investment Panel. The Panel carries out detailed monitoring of the investment management strategy and structure and of the performance of the individual managers. It makes recommendations to the Committee on changes to the structure. Additional training is arranged for the Members who sit on the Panel.
21. The additional training is also provided in recognition of the more onerous roles of Chair and Vice Chair of the Committee.

Additional Training for the Chair and Vice Chair of the Local Pension Board

22. The Chair and Vice Chair of the Board attend additional training in recognition of the more onerous roles of Chair and Vice Chair of the Board.

Monitoring and Reporting of Training

23. Members assess their own training needs against the programme that is available.
24. A log is maintained of training offered and undertaken.
25. A report on training is included in the Fund's Annual report and Accounts.

Arrangements for Review of the Policy and Programme

25. The Policy is reviewed and updated at least annually.
26. The Committee and Board review the content and delivery of the training programme at each quarterly meeting.
